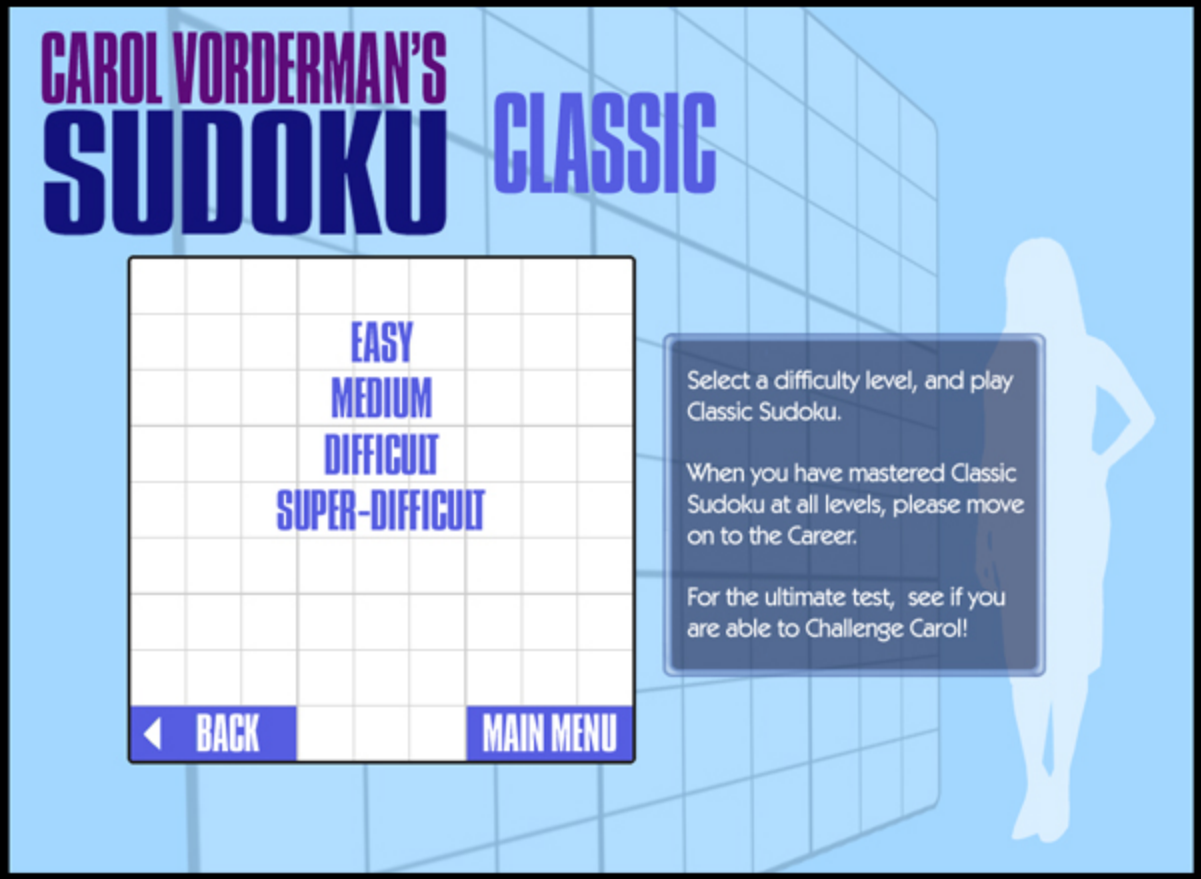
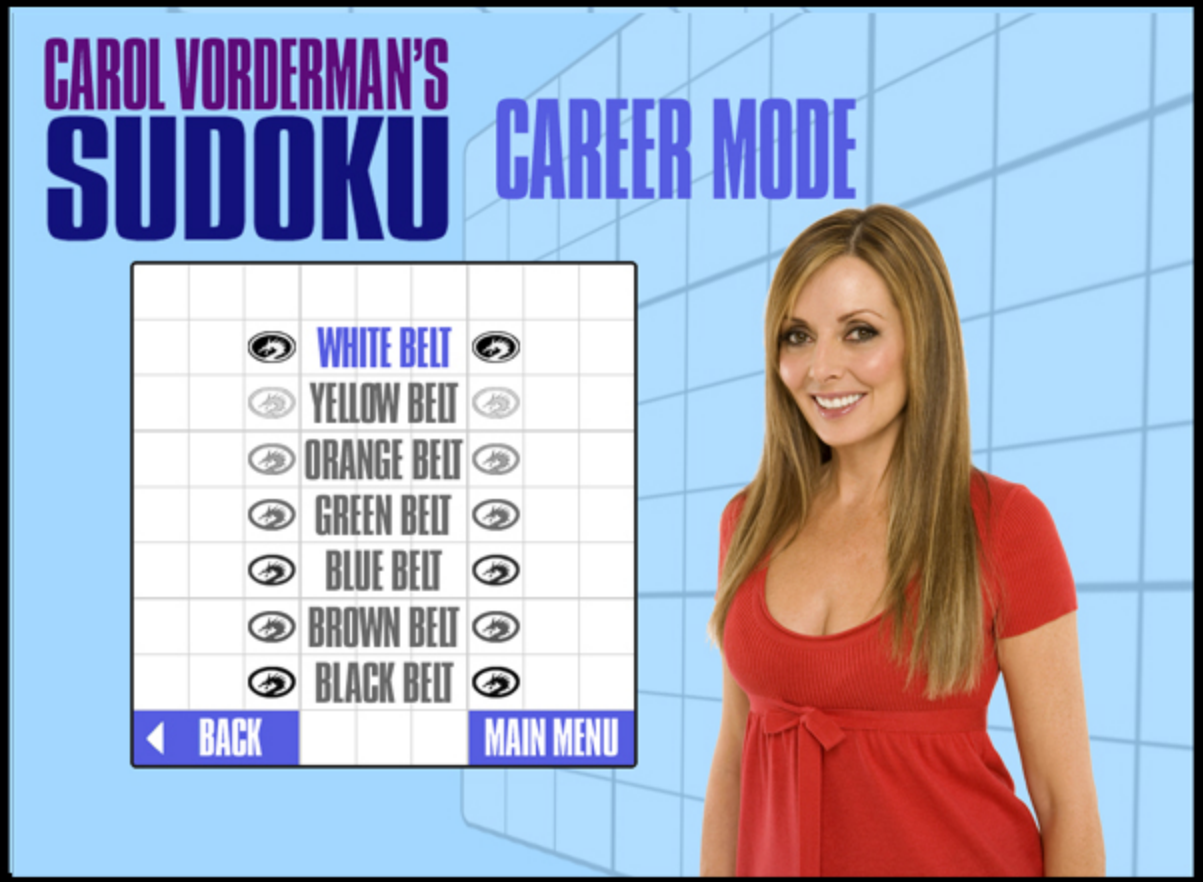
CLASSIC:



Classic

Select the difficulty of puzzle you wish to tackle, and see how you fare against the clock.

CAREER:



There are 7 belts to earn throughout your career.
Start with the White Belt Challenge.
Each belt involves successfully completing a series of puzzles in a specified time.
As you move higher up the belts, the puzzles will increase in number, in difficulty, and the time allocated will decrease.
Only the best will be able to attain the level of Black Belt.
You will then be well on your way to becoming a Sudoku Master.

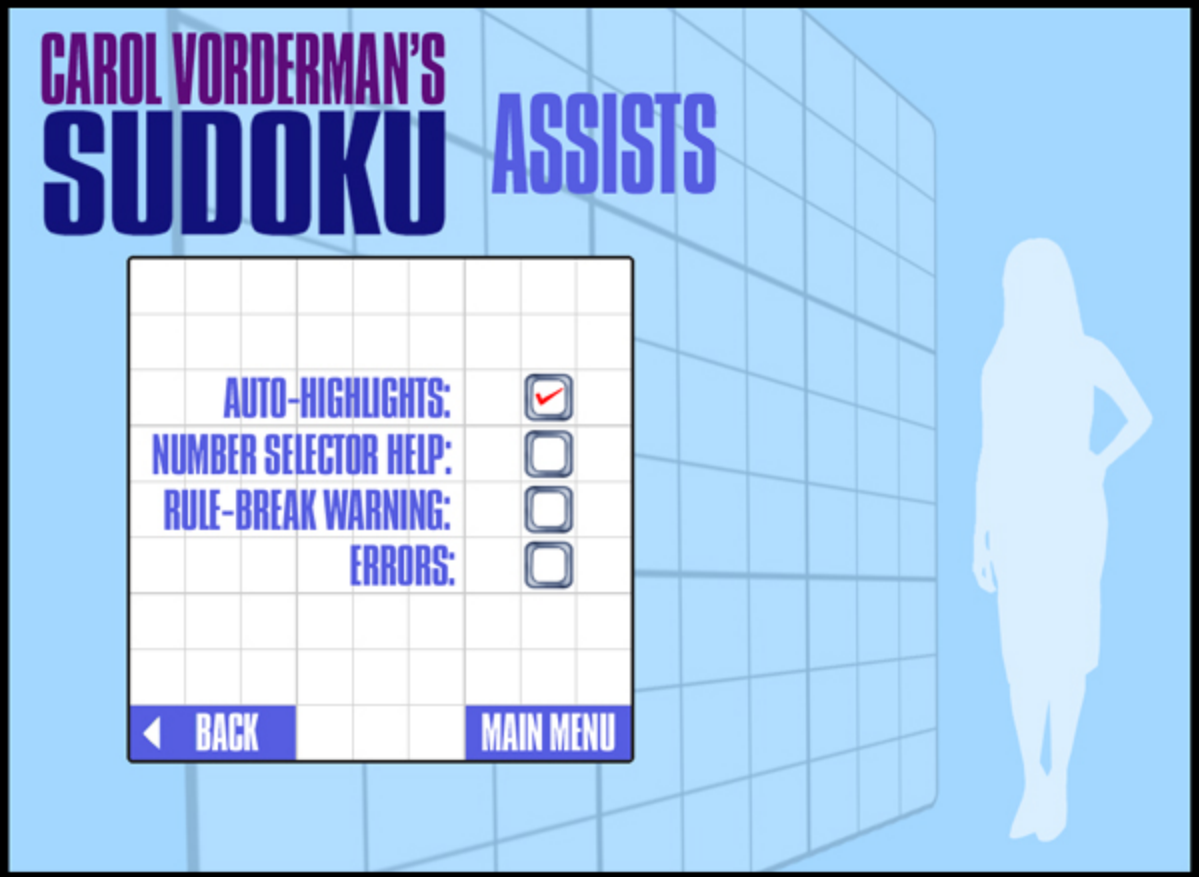
CHALLENGE CAROL:

Can you beat the best? To even contemplate this, you must already be a Sudoku expert!
To beat Carol, you must overcome all of the Dan Challenges.
Each Dan Challenge consists of a number of puzzles that must be successfully completed in a specified time.
Start with the 1st Dan Challenge and work your way up to 4th Dan.
As you move up the Dans, the difficulty will increase, and the times allocated will decrease.
This really is the ultimate challenge!

To gain the ultimate accolade of Sudoku Master, you must earn your Black Belt, AND beat the 4th Dan Challenge.

Only then can you have claimed to have beaten Carol!

ASSISTS:



The game can give you a number of "assists" to help you solve the puzzles.

Auto-highlights:
This helps the player focus on the appropriate mini-grid, row and column.
The player can have this assist on permanently if they wish.

Number Selector Help:
This helps the player by greying out number buttons that should not be inserted.
This assist will not be available in Career and Challenge Carol modes.

Rule-Break Warning:
This helps the player by highlighting boxes when numbers that have been inserted break the rules of Sudoku.
This assist will not be available in Career and Challenge Carol modes.

Errors:
This helps the player by highlighting boxes when numbers are inserted that incorrect for the puzzle featured.
This assist will not be available in Career and Challenge Carol modes.
